Dear Jerry:

Here's the article I told you I would send you. The author is a member of Fensterwald's committee. And please note that my sending it to you doesn't mean that I agree with anything in it. Or necessarily disagree.

Things still going well. I'm still trying to get inside Bruiser's head, to understand him and his influence on Jimmy.

Please call me when there's any news.

Best,

George
